

Happy Holidays to all our friends

A special gift to round out your year... see these amazing specials on line or call IEC for information. You may still be able to take advantage of the U.S. economic stimulus package (Tax 179 provision) which makes it advantageous to invest in capital equipment in 2008. Businesses investing in capital equipment may be able to deduct an additional 50% of the cost of equipment placed in service during the calendar year 2008.
